It's disappointing that there's no convenient menu that lets you just browse freebies. Instead, you have to search for your preferred genre, plus the word 'free' (free science fiction, or free history, for example). It works well enough once you know about it, but it's not immediately obvious.

2013 Outhouses

An outhouse is a small structure, separate from a main building, which covers a toilet. This is typically either a pit latrine or a bucket toilet, but other forms of dry (non-flushing) toilets may be encountered. The term may also be used to denote the toilet itself, not just the structure. Outhouses were in use in cities of developed countries (e.g. Australia) well into the second half of the ...

Since it began in 2013, Life Below Zero has captivated audiences by following the lives of those who choose to live and work in Alaska's toughest areas. But just how accurate is the show? We know that most of the places have WiFi and roads and that even Amazon delivers (by plane) to Wiseman, Alaska, so just how remote are the filming locations ...

Life Below Zero: 15 Facts Most Fans Don't Know About The Show

The best modern westerns are not necessarily period pieces but they all capture the wild essence of the West. The Western is a classic film genre full of grit, action, and life or death situations. While many of our favorite Western tropes are historically inaccurate, its films represent America at its most mythological. The top modern western movies build upon this tradition while amping up ...
