It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' texbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Not only a good engine in its own right, but the 3116 heavily inspired the 3126 which then evolved to be the C7 in 2003. The 3116 is compatible with numerous Cat marine transmissions enabling a range of differing accelerations to be chosen from. The problems with this engine became well known over time due to their weak top end.
