### Gerrymandering is alive and well. The coming battle will ...

Gerrymandering is the practice of setting boundaries of electoral districts to favor specific political interests within legislative bodies, often resulting in districts with convoluted, winding boundaries rather than compact areas. Gerrymandering in the United States has been used to increase the power of a political party; the term "gerrymandering" was coined on review of Massachusetts's redistricting maps of 1812 set by Governor Elbridge Gerry, so named for its resemblance to a salamander.

### Gerrymandering in the United States - Wikipedia

Gerrymandering, at least in the U.S., is the act of changing the boundaries of districts in states to manipulate the voting demographics within those districts, thus helping a political party...
