Hedge Funds: A Dynamic Industry In Transition

In spite of their being around for many decades, hedge funds still seem mysterious to many, and this has caused many to view them with (unjustified) suspicion. Even financial modelers and analysts who work in areas outside of hedge funds sometimes view them this way. This book is written for the latter class of readers.

Ironically, when I launched my hedge fund, we made \$40,000 in an hour. Eight years later, we traded \$7.1 billion dollars per day, but as I rose up in the hedge fund world, I lost my purpose in life. In a career where I'm literally making billionaires richer, I had lost the sense of curiosity and direction that we experienced while at MIT.
